

The Ball Australia Plant List

Did you know you can find all our products online? No matter what internet connected device you are using, you can find all our 2500+ products online. You're just a click away!

Here is how it works:

The screenshot shows the 'CATALOGUE SEARCH' page on the website. On the left is a sidebar with various filters: Product Group (Vegetative Flower, Vegetative Unrooted Cuttings), Form (052 Tray, 105 Tray, Unrooted Cutting, Licensed Product), Flower Colour (Pink/Rose, Yellow, White/Cream, Purple, Lavender/Violet), Foliage Colour (Medium Green, Dark Green), Plant Category (Annuals), and Exposure (Sun). The main search area has a search bar with 'Osteospermum' entered. Below the search bar, there are radio buttons for 'Keyword Search' (selected) and 'Botanical Search'. The results section shows a grid of 9 product cards, each with a photo, name, botanical name, form, and an 'ENQUIRE TODAY!' button. Red circles with numbers 1 through 5 are overlaid on the page to indicate key features: 1 points to the search bar, 2 points to a product card, 3 points to the 'ENQUIRE TODAY!' button, 4 points to a 'Hi-Res Photos' link, and 5 points to the 'Product Group' filter in the sidebar.

1

Search using Keywords or by Botanical Name. The Keyword search includes characteristics of the plant like common name and colour even if the colour isn't part of the description.

2

Results will include a photo, where available, the name, botanical name and tray sizes offered.

3

The **ENQUIRE TODAY!** button will navigate to the contact page on the [Ball Australia website](#). Give us a call or send us an email with any queries.

4

Additional information plus High Resolution Photos will be available for many items. Photos and information will be added as it becomes available.

5

"Refiners" are available giving the ability to narrow down search results. Click on a box then click Apply. To remove the refiner, click Clear.
